

Balanced Growth Mandate

OBJECTIVE: To achieve a consistent, and if appropriate, tax advantaged annual return with average downside risk

STRATEGY: The Balanced Growth Portfolio aims to deliver on its objective by investing in four income-producing strategies. The strategies, which are part of the PIE Income Fund, include 1) cash and fixed income, 2) preferred shares, 3) income trusts, and 4) option writing. The portfolio also provides some upside potential through investments in the PIE Canadian Equity Fund, PIE US Equity Fund, PIE International Fund, and PIE Alternative Strategies. Portfolio rebalancing is intended to realign the portfolio, bringing it back into line with its initial mandate.

INVESTOR: This portfolio is suitable for conservative investors seeking income with average downside risk. Minimum account size is \$10,000.

LIQUIDITY: Funds are available for withdrawal and are not subject to any deferred sales charge.

REPORTING: Investors with minimum accounts of \$25,000 will receive Quarterly Performance Reviews.
